In addition to education about the items in school and at home, it is also essential to discourage open use, possession, manufacture and commerce of these drug related items.

ARTICLE 13, RESIDENCY RESTRICTIONS FOR SEX OFFENDERS**

11.1301 RESIDENCY RESTRICTIONS FOR SEX OFFENDERS.

[Ord. No. 2080 Eff. Date 12-01-05]

11.1301.1 PURPOSE. This article is a regulatory measure aimed at protecting the health and safety of children in Newton from the risk that convicted sex offenders may reoffend in locations close to their residences. As recognized by the Eighth Circuit United States Court of Appeals in its April 29, 2005 decision of Doe v. Miller, and as recognized by the Iowa Supreme Court in State v. Seering, decided on July 29, 2005, the city finds and declares that sex offenders are a serious threat to public safety. When convicted sex offenders reenter society, they are much more likely than any other type of offender to be re-arrested for a new rape or sexual assault. Given the high rate of recidivism for sex offenders and that reducing opportunity and temptation is important to minimizing the risk of reoffense, there is a need to protect children where they congregate or play in public places in addition to the protections afforded by state law near schools and day care centers. The city finds and declares that in addition to schools and daycare centers, children congregate or play at child-oriented facilities identified in section 13.1303(1).

If orally rendered, the order shall be reduced to writing within twenty-four hours of the decision.
