

PROCLAMATION

WHEREAS, one of the greatest responsibilities of any elected official is the protection of the electorate served and the protection of the greater public health and safety; and

WHEREAS, COVID-19 poses a serious and potentially deadly threat to the public and the public health as the Federal Center for Disease Control (“CDC”) has noted that serious illness occurs in 16% of cases with older people and people of all ages with severe chronic medical conditions — like heart disease, lung disease and diabetes, for example — seeming to be at a higher risk of developing serious COVID-19 illness and noting that the World Health Organization has determined COVID-19 to be a pandemic; and

WHEREAS, across the globe, the disease has been dramatically spread through contact by those with no known correlation to any affected areas or without contact with those known to be infected, called “community spread” and the Iowa Department of Public Health (“IDPH”) has now identified community spread in central Iowa and has issued new recommendations for individuals with underlying conditions, and all Iowans should be prepared for cancellations and disruptions in routine activities; and

WHEREAS, Iowa Code Section 372.14(2) and the City of Newton Code of Ordinances Section 34.03 grant the Mayor powers in emergency circumstances when public danger exists to take extraordinary steps to protect the public health and safety.
